[By Associated Press.] London, Oct. 25.—Balkan telegrams describe the increasing gravity of Serbia's position. In the North the Bulgarians and Austro-Germans are only thirty-five miles apart. In the South, half of Serbian Macedonia is in Bulgarian hands. The only reports favoring Serbia come from the French fighting about and near Krivolak. It is reported the allies now intend to land an immense force at Salonika and that the Greek Crown Prince has gone there to view the incoming French and British.

BULGARS YIELD BEFORE FRENCH [By Associated Press.] Granoz, Serbia, Oct. 25.—A double attempt of the Bulgarians to cut the railway at Veles and Volandovo failed. The Bulgarians attacked furiously Friday for this purpose and the battle demonstrated their inferiority to the experienced troops of France and England who opposed them. General Serrail, the French commander, told the Associated Press the Bulgarian style of fighting was fanatical, but that they have obtained nothing yet except a few undefended points of no military value.

TURKISH ATROCITIES. [By Associated Press.] London, Oct. 25.—A Reuter correspondent at the Dardanelles wires an account of Armenian atrocities, saying the Turks shod the bishop of Silva with red hot iron shoes. GERMAN PLOTTERS ARRESTED. [By Associated Press.] New York, Oct. 25.—Paul Dneche was arrested today in connection with the alleged German plot of Lieutenant Robert Fay and Walter Scholz, who were arrested yesterday. The police say this morning Fay confessed that he is a German lieutenant and intended to attach a machine to propellers of munition ships to explode, thereby disabling them.

BULGARS CAPTURED USKUP. [By Associated Press.] London, Oct. 25.—A Salonika dispatch says the French routed three divisions of Bulgarians Saturday in Southeastern Serbia. Nish reports the Bulgarians have captured Uskup.

COTTONSEED PRICES AGAIN SOARED

Reached Highest Point on Record at Several Points Over the State.

(Houston Post.)

Cottonseed prices in Houston ruled some higher the past week, quotations by various mills ranging all the way from \$35 to \$39 per ton. Mill men as a rule think prices are too high and some of them stated they were out of the market for some time. Abnormally high prices have been paid at numerous points in the interior, but it is the opinion that seed is not really worth the prices paid.

Temple, Tex., Oct. 24.—Cottonseed at \$40 a ton established a new high record in Temple, competition between local buyers and a foreign buyer running the price up to this figure.

Luling, Tex., Oct. 24.—The demand for cottonseed is very strong now, bringing \$36 to \$38 per ton, which is \$8 to \$10 per ton higher than ever known prior to this year.

Lampasas, Tex., Oct. 24.—Cottonseed sold here at \$35 per ton last week, this being the highest price ever paid here.

San Antonio, Tex., Oct. 24.—Cottonseed advanced from \$35 to \$40 per ton. This is the highest price ever paid here for seed.

Richmond, Tex., Oct. 24.—Richmond cottonseed buyers are paying \$38 per ton for cottonseed.

Corpus Christi, Tex., Oct. 24.—Cottonseed is selling here at \$39 per ton.
